# About GBR Stratton

**GBR is the most successful single seater race team from Scotland.**

**Our young driver development programme is an integral part of the team** and working with input from home grown mega stars of our sport including Dario Franchitti, Marino Franchitti, Ryan Dalziel and Jonny Adam, we work tirelessly to find the right support and guidance for our drivers from the minute they join the programme and work in a very tight knit team to propel young talent forward.

**Key to all of this of course, is the racing.** The team thrives on the thrill of close, hard but fair, racing and the pursuit of performance has been reflected in attaining 16 championship titles.

GT racing, and with British GT in particular, represents the logical next step in this pursuit. GT racing has a proven track record for developing young drivers with a strong brand affiliation.

The background of the right side of the image is a dark, monochromatic photograph of a car completely covered in a black tarp. The car is parked in front of a wall of stacked shipping containers. The GBR Stratton Motorsport logo is overlaid in the upper right quadrant of this section. The logo consists of 'GBR' in a large, red, blocky font, followed by 'STRATTON' in a large, white, sans-serif font, and 'MOTORSPORT' in a smaller, white, sans-serif font below it.

# GBR – for our drivers

An established team operating at a high level, with a proven record of winning

## GBR Aston Martin GT4 Drivers will join the Aston Martin Racing Driver Academy

Opportunity to become an Aston Martin Racing Factory Driver  
Academy drivers will be offered support and coaching on all attributes required for a successful career in motorsport, both on and off the track.  
Academy drivers will be assessed throughout the season  
Final evaluation is made by the AMR Driver Academy judges on the broad range of skills required to **become an Aston Martin Racing factory driver**

# GBR Stratton & AMR Academy

**AMR Factory Driver mentor** – access to an AMR Factory Driver for any advice and support.

**Base Performance Simulator** – each driver will experience this simulator during the initial AMR seminar. Afterwards they can visit their simulator independently and receive a discounted rate.

**Boomerang Pro Fitness** – each driver will use their services during the initial AMR seminar and then will receive follow up programmes throughout the season

**Louise Goodman Media Training** – each driver will undertake a basic media training course with Louise at the initial AMR seminar but afterwards can also contact Louise direct for individual bespoke training

**Commercial advice and guidance**

**PR support**

AMR Academy Drivers are encouraged to make the most of the opportunities offered

It is the individual driver's responsibility to use the AMR and partner contacts we provide to the maximum

# AMR Academy end of year

The top performing drivers will be invited to an end of season AMR test, typically in an Aston Martin GT3 car.

The panel of judges select a winner according the following criteria across the whole season:

- Driver Performance
- Pace
- Consistency
- Technical feedback
- Team-work
- Strategy
- Fitness
- Public Relations
- Commercial awareness/approach
- Potential to develop and improve
